	Totals	54 ch	18 ch	12 ch	6 ch	12 ch	18 ch	42 ch	162 ch

## BArch Architectural History Requirements

Each undergrad is required to complete the introductory two-course survey, ARC 133 and 134. In addition they are required to complete two intermediate elective lecture courses focusing on a particular chronological period or broad theme. A selection of these courses, ARC 332, 334, 335, 336, 337, 338, 431, 432, 433, 435, and 436 (all cross-listed with the Department of Fine Arts, College of Arts and Sciences), are offered.

Advanced Architectural History courses are specialized courses for students with adequate preparation and interest, typically given ARC 500 level designation. These courses do not count towards satisfying the 12 credit hour requirement in Architectural History for the BArch degree, but do count towards the Professional Elective distribution requirement.
