balzer + tuck | architecture, established in 2002, is an award winning architectural firm located in historic Saratoga Springs, NY offering services in master planning, architectural programming and design and interior design. BT|A is an energetic, ambitious, design oriented firm. We are passionate about design and, through insightful planning, careful material selection and intelligent detailing, we strive to help our clients create sensitive and efficient structures that enhance the built environment. Our employees work in a collaborative, open studio environment that focuses on individual and team projects and fosters personal and professional development. We encourage all employees to actively contribute creative ideas to every project, big or small.

Saratoga Springs, located in the foothills of the Adirondack Mountains and just three hours from New York City, Boston and Montreal, is home to horse racing, concerts, history, museums, gaming, mineral springs and more. For over 200 years, Saratoga Springs has been a popular resort destination. Lying just north of Albany, this small town of 27,000 was named among the top ten best places to live in New York State for its low cost of living and numerous cultural venues (including the Saratoga Performing Arts Center, the summer home of the New York City Ballet and the Philadelphia Orchestra), plentiful restaurants, art galleries, boutiques and easy access to all that the Adirondacks and the Green Mountains of Vermont have to offer.

Intern Architect / Draftsperson

BT|A is currently seeking a highly motivated professional with 1-5 years experience in high-end residential, multifamily, and/or commercial projects. The ideal candidate will have both a design and technical focus. They will be responsible for the assisting in the development and production of schematic and presentation drawings, design development drawings and construction documentation.

Qualified candidates must possess a professional degree (B. Arch. or M. Arch.); be self-directed and motivated; have strong communication skills; and possess the ability to convey concepts and ideas through hand-drawn sketches. Proficiency with Autodesk Revit, Google SketchUp and Adobe Photoshop is required and should be clearly indicated on resumes for consideration.

balzer + tuck | architecture offers a competitive salary and benefits package, including assistance with IDP and the ARE and office outings (opening day at the Saratoga Horse Racing track, rock-climbing, Adirondack Extreme, etc.), in a collaborative, fast paced work environment. We are a social office of young professionals that are involved in our community.

All candidates must submit a cover letter and resume for consideration via email to **Brett Balzer**, Principal, AIA, LEED at info@balzertuck.com.
