

Purple Cherry Architects - Annapolis, MD

Purple Cherry Architects, located in Annapolis, Maryland, is quickly growing and seeking several talented, motivated and creative individuals to join our fast paced team.

The ideal candidates will have a range of 2-15 years of high-end residential experience in an architecture firm and be proficient with 3D software (in particular, Revit). We are looking for individuals that perform well in a team oriented studio environment.

If you are interested in joining our team, please email your cover letter, resume, reference and work samples/portfolio. We offer competitive salaries and a fully loaded benefits package.

ABOUT US: Purple Cherry Architects is an award winning and high-end architecture firm serving the Eastern United States. Our firm specializes in custom, luxury residential projects featuring elegant architectural detail and beautiful spaces that excite and reflect our clients. Our firm also specializes in work for non-profit institutions. Our Principal, Cathy Purple Cherry, brings 26 years of experience to her work; the firm aspires to a level of beauty in the projects it designs through views, details, and planning strategies that are awe-inspiring. Our firm's designers are talented, visionary, detail-oriented, and attentive. We utilize technology to its fullest as a visual and education tool. We encourage our clients to create virtual idea boards to help us capture their preferences and inspirations.

Our firm has extensive knowledge and experience with the intricacies of working on waterfront properties and critical areas.

In addition, as a LEED accredited professional, Cathy Purple Cherry has the knowledge and capability of integrating sustainable strategies into the design of her projects.
