

Schwartz/Silver Architects is currently seeking Project Designer/Architect to be a core team member for a GSA “Design Excellence” program Federal Courthouse project. The project starts Concept Design January 2017.

This project will require a knowledge of exterior detailing, working with a complex consultant team, assembling Construction Documents, and communicating high quality design in each task.

This is a full-time position, salary & benefits commensurate with experience.

Qualifications/Abilities/Experience:

Architect with at least 5 years of experience.

- Must have Exceptional architectural and graphic design skills
- Must have Excellent 3-Dimensional Design and Rendering abilities
- Must have a Passion for Architectural Detailing and understanding of materials and construction
- Ability to work both independently and collaboratively
- Reliable, focused and detail-oriented
- Motivated to learn and love of problem solving
- Construction experience is a plus

Skills:

- Revit – Required
- 3-D Modeling / rendering: Rhinoceros - preferred. Sketch-up or other platform are also used
- AutoCAD - Proficient
- Adobe Products
- MS Word and Excel

Education:

Bachelor of Architecture or Master of Architecture degree, required. Working toward licensure.

Firm Description:

Schwartz/Silver Architects is an award-winning architecture and urban design firm located in downtown Boston. Founded in 1980, Schwartz/Silver Architects consistently produces notable, award-winning designs for: Civic Buildings, Museums, Libraries, Colleges and Universities, Private Schools, and Private Residences.

We are passionate about design. We feel that every project deserves quality design from conceptual planning to the construction details. We expect all of our employees to be active participants and contribute to this process. We strive to create a collaborative environment where team members are given the ability to excel in a supportive workplace.
