

# RODE ARCHITECTS

## INTERIOR DESIGNER

RODE Architects is a collaborative, innovative design firm in Boston's South End. The firm is seeking a full-time Interior Designer to join our team in the design of hospitality, institutional, commercial, residential and multi-family buildings.

Candidates should have achieved a BArch or MArch or an Interior Design degree from an accredited institution and 2-7 years of interior design experience in professional firm.

We are looking for candidates that have the following experience.

- Proficiency in Revit, SketchUp, Adobe Creative Suite, and Microsoft Office Suite
- Demonstrated experience in all aspects of the interior design process including: programming, interior space planning, schematics, research, selection and specifying materials and FF&E, detailing, construction documents, consultant coordination, and construction administration
- Experience with project management including estimating staffing requirements and working within client budgets
- Ability to efficiently and effectively manage priorities on multiple projects either independently or as part of a team
- Excellent written, verbal, listening and presentation skills to effectively communicate and collaborate with your teams, clients and consultants
- Creative, critical, and innovative designer and thinker
- Skilled at mentoring junior level staff and sharing expertise
- NCIDQ certification a plus

We value diversity in our workplace.

To apply, please send your cover letter, resume and sample portfolio (all documents should not exceed 5MB) to

Shelley Kolesar, Human Resources Professional
