

Architect/Designer

Payette seeks talented Architects and Designers to share in our passion for design. Challenging building types are the focus of our collaborative practice: higher educational facilities for science, research laboratories and healthcare facilities of all types. We go beyond technical and programmatic competence to bring award winning design and beautiful craft to these buildings of intense habitation.

Candidates should possess the following prerequisite qualifications for this position:

- Strong design, graphic and problem solving skills
- Bachelor of Architecture degree or a Master of Architecture degree
- A minimum of 4 years of professional architecture practice experience
- Excellent written, verbal and visual communication skills

Other position qualifications include:

- Highly motivated, collaborative and professional work ethic
- The ability to self-direct, to manage multiple tasks and to work well under deadlines
- Experience in current digital modeling applications

Payette is a dynamic and collaborative work environment that promotes excellence. Our culture encourages the participation of all team members to significantly contribute to the design process. With multiple opportunities in architectural research and professional development, we are committed to investing in our staff's long-term success.

Payette is an Equal Opportunity Employer and welcomes diversity in the workplace.
