Track description (1)*

The five-year curriculum at our school is rigorous and stimulating. Our students are bright, creative designers, and highly diverse. They enjoy being part of a close-knit small school set within a major university that offers a vibrant and rich student life.

Architectural education is unlike any type of education you’ve likely experienced to date. The design studio sequence is at the core of our program. We highly recommend you meet us when studios are in session to learn more about life at SU and the architecture studio experience.

Our BArch is a STEM Designated Degree by the U.S. Student and Exchange Visitor Program.
